1984 EDITORIAL INDEX

AIR POLLUTION CONTROLS

Safeguarding Confidential Business Information Part I: Environmental Audits & Litigation ....Jan.
Special Editorial Supplement: The Case for Computerization ....Jan.
Safe Damper Maintenance ....Jan.
Military Marches Toward New Horizons in Pollution Control ....Feb.
The Army's Environmental Quality Consulting Firm ....Feb.
Air Force Environmental Quality R & D ....Feb.
Advanced Plating Facility ....Feb.
Here's to 95% Solvent Recovery ....Feb.
It's Hot ....Feb.
How to Calculate Coating Material VOC ....Mar.
Safeguarding Confidential Business Information Part II: Freedom of Information ....Mar.
Neptune Keeps the Lead Out ....Mar.
Hazardous Waste Incineration: A Special Roundup Report ....April
Problems, Problems, Gone . . . Gone ....April
Woodburning Cogeneration Power Plant Completed on Time, Near Budget ....April
Incineration Takes Heartburn Out of Ulcer Drug Wastes ....April
Heat Exchanger Makes Air Control More Efficient, Less Costly ....May
FGD Systems ....June
Estimating Dust Concentration ....June
FGD Scrubbers: Technology Nobody Wanted But Eventually Needed ....June
Manufacturer's Guide to FGD Systems ....June
Corrosion Data Systems ....June
FGD Scrubbers Require Reliable Agitation ....June
Fabric Filters for Hot Gases ....June
Alternate Scrubber Zero Discharge ....June
Volcano's Ash Can't Stop Non-Metallic Chain ....June
Filtridge Cartridge Collector Controls Carbon Black Dust ....July
System Designed to "Serve Time" ....Aug.
Total Mercaptans Test Points to Odor Sources ....Aug.
Steroid Dust Safely Controlled ....Aug.
Do You Need A Consultant? ....Sept.
Dry Cleaners Clean Up ....Sept.
Tennis Ball Dust Collected ....Sept.
Tannery Odors in Town Eliminated ....Sept.
Show-Me-State is Shown Hazardous Waste Incinerator That Really Works Oct.
Plasma Technology Promises a New Trend ....Nov.
Technical Guidance on Calculating VOCs ....Nov.
Special Editorial Report: 1985 Purchasing Plans of POLLUTION ENGINEERING Readers ....Dec.
Providing the Management to Improve Equipment Life Cycle ....Dec.
Stack Liner Remains Corrosion-Free ....Dec.

CHEMICAL TREATMENT

PCB Removal by Carbon Adsorption ....Jan.
Carbon Adsorption for Onsite Remedial Actions ....Jan.
Safeguarding Confidential Business Information Part I: Environmental Audits & Litigation ....Jan.
Combining Carbon with Conventional Creates Cost-Effective Treatment ..Jan.
Thermal Regeneration of Activated Carbon—Experience Shows Problems & Payback ....Jan.
Special Editorial Supplement: The Case for Computerization ....Jan.
Military Marches Toward New Horizons in Pollution Control ....Feb.
The Army's Environmental Quality Consulting Firm ....Feb.
Air Force Environmental Quality R & D ....Feb.
Specifier's Guide to Use of Liners for Containment of Hazardous Waste Sites ....Mar.
Taking the Spikes Out of Ultrasonic Flow Measurement ....Mar.
How to Calculate Coating Material VOC ....Mar.
New Design Combines Concepts to Cut Costs ....Mar.
Safeguarding Confidential Business Information Part II: Freedom of Information ....Mar.
Copper Recovery from a Brass Bright Dipping Solution ....Mar.
A Multi-faceted Approach to Successful Hazardous Waste Treatment ....April
Sodium Bentonite: Still A Viable Solution for Hazardous Waste Containment ....April
New Solutions to pH Control Problems ....April
FGD Systems ....June
FGD Scrubbers: Technology Nobody Wanted But Eventually Needed ....June
Manufacturer's Guide to FGD Systems ....June
Corrosion Data System ....June
FGD Scrubbers Require Reliable Agitation ....June
Alternate Scrubber Zero Discharge ....June
Finding Out Where to Treat or Dispose ....July
Underground Storage Tanks: Problems, Technology & Trends ....July
Disposal in Salt: The Fifth Alternative ....July
Managing Energy At A Sewage Treatment Plant ....Aug.
Special Report: Package & Water Treatment Systems ....Aug.
Total Mercaptans Test Points to Odor Sources ....Aug.
Techniques for Chlorine Detection ....Aug.
Trying a Trickling Filter on Industrial Waste ....Aug.
New Routes for Hazardous Waste Management ....Sept.
On-Site vs Off-Site Waste Disposal ....Sept.
Hazardous Wastes Sprayed Away ....Sept.
Landfilled Wastes Treated in Place ....Sept.
Do You Need A Consultant? ....Sept.
Tannery Odors in Town Eliminated ....Sept.
How Much Polymer is Enough? ....Sept.
Submersible Mixers Solve Problems ....Oct.
Water & Wastewater Treatment Specifier's Guide ....Nov.
The Shell Game ....Nov.
Eutrophication Control & the Fallacy of Nitrogen Removal ....Nov.
Technical Guidance on Calculating VOCs ....Nov.
Silicon Valley Waste Water Plant Maintains Economical Long-Term Benefits ....Nov.
Special Editorial Report: 1985 Purchasing Plans of POLLUTION ENGINEERING Readers ....Dec.

COATINGS AND CONSTRUCTION MATERIALS

Solid Electrolyte Reduces Cost of In Situ SO_2 Monitoring ....Jan.
Thermal Regeneration of Activated Carbon—Experience Shows Problems & Payback ....Jan.
Transport Troubles Solved ....Jan.
Solar Pond Liner ....Jan.
Safe Damper Maintenance ....Jan.
Military Marches Toward New Horizons in Pollution Control ....Feb.
Air Force Environmental Quality R & D ....Feb.
It's Hot ....Feb.
Specifier's Guide to Use of Liners for Containment at Hazardous Waste Sites ....Mar.
Taking the Spikes out of Ultrasonic Flow Measurement ....Mar.
How to Calculate Coating Material VOC ....Mar.
New Design Combines Concepts to Cut Costs ....Mar.
Copper Recovery from a Brass Bright Dipping Solution ....Mar.
Unbelievable Patch Conveyor ....Mar.
Hazardous Waste Incineration: A Special Roundup Report ....April
A Multi-faceted Approach to Successful Hazardous Waste Treatment ....April
Sodium Bentonite: Still A Viable Solution for Hazardous Waste Containment ....April
PCB Transformer Reclassified ....April
FGD Systems ....June
FGD Scrubbers: Technology Nobody Wanted but Eventually Needed ....June
Corrosion Data System ....June
FGD Scrubbers Require Reliable Agitation ....June
Fabric Filters for Hot Gases ....June
Alternate Scrubber Zero Discharge ....June
Finding Out Where to Treat or Dispose ....July
Underground Storage Tanks: Problems, Technology & Trends ....July
Disposal in Salt: The Fifth Alternative ....July
Specifier's Guide to Pump Selection ....July
Managing Energy at a Sewage Treatment Plant ....Aug.
System Designed to "Serve Time" ....Aug.
Special Report: Package & Water Treatment Systems ....Aug.
Total Mercaptans Test Points to Odor Sources ....Aug.
New Routes for Hazardous Waste Management ....Sept.
Tennis Ball Dust Collected ....Sept.
Containing Leaking Underground Storage Tanks ....Sept.
Water & Wastewater Treatment Specifier's Guide ....Nov.
Technical Guidance on Calculating VOCs ....Nov.

New Solutions to pH Control Problems....April
Managing Energy At A Sewage Treatment Plant....Aug.
Techniques for Chlorine Detection....Aug.
Graphics Package Lends Portability to Hazardous Materials Assessment System....Aug.
Waste Treatment Plant Depends on Instrument Protector Units....Aug.
Do You Need A Consultant?....Sept.
Plasma Technology Promises New Trend....Nov.
Special Editorial Report: 1985 Purchasing Plans of POLLUTION ENGINEERING Readers....Dec.

ENERGY CONSERVATION

Computer Scheduling Permits Fast Installation of Two Separate Systems..Jan.
Combining Carbon with Conventional Creates Cost-Effective Treatment..Jan.
Thermal Regeneration of Activated Carbon—Experience Shows Problems & Payback....Jan.
Special Editorial Supplement: The Case for Computerization....Jan.
Military Marches Toward New Horizons in Pollution Control....Feb.
The Army's Environmental Quality Consulting Firm....Feb.
Air Force Environmental Quality R & D....Feb.
Copper Recovery from a Brass Bright Dipping Solution....Mar.
Hazardous Waste Incineration: A Special Roundup Report....April
A Multi-faceted Approach to Successful Hazardous Waste Treatment....April
Incineration Takes Heartburn Out of Ulcer Drug Wastes....April
Woodburning Cogeneration Power Plant Completed on Time, Near Budget....April
Liner Withstands Ice Loading....May
Heat Exchanger Makes Air Control More Efficient/Less Costly....May
Treating Technologies for Reusing Water....May
New Technology for Tennis Ranch....May
FGD Scrubbers: Technology Nobody Wanted But Eventually Needed....June
Fabric Filters for Hot Gases....June
Estimating Dust Concentration....June
Disposal in Salt: The Fifth Alternative....July
Managing Energy At A Sewage Treatment Plant....Aug.
System Designed to "Serve Time"....Aug.
Variable Speed Pumps Increase Efficiency of Sludge Handling & Dewatering Operations....Aug.
Hazardous Wastes Sprayed Away....Sept.
Landfilled Wastes Treated in Place....Sept.
Tennis Ball Dust Collected....Sept.
Show-Me-State is Shown Hazardous Waste Incinerator That Really Works Oct.
Plasma Technology Promises New Trend....Nov.
Special Editorial Report: 1985 Purchase Plans of POLLUTION ENGINEERING Readers....Dec.

HAZARDOUS AND SOLID WASTE

PCB Removal by Carbon Adsorption....Jan.
Carbon Adsorption for Onsite Remedial Actions....Jan.
Solid Electrolyte Reduces Cost of In Situ SO_2 Monitoring....Jan.
Safeguarding Confidential Business Information Part I: Environmental Audits & Litigation....Jan.
Combining Carbon with Conventional Creates Cost-Effective Treatment..Jan.
MSIS Aids Priority Pollutant GC/MS....Jan.
Thermal Regeneration of Activated Carbon—Experience Shows Problems & Payback....Jan.
Special Editorial Supplement: The Case for Computerization....Jan.
Military Marches Toward New Horizons in Pollution Control....Feb.
The Army's Environmental Quality Consulting Firm....Feb.
Air Force Environmental Quality R & D....Feb.
Navy Stops Leaks and Planes from Sinking....Feb.
Here's to 95% Solvent Recovery....Feb.
It's Hot....Feb.
Specifier's Guide to Use of Liners for Containment of Hazardous Waste Sites....Mar.
Taking the Spikes Out of Ultrasonic Flow Measurement....Mar.
How to Calculate Coating Material VOC....Mar.
New Design Combines Concepts to Cut Costs....Mar.
Safeguarding Confidential Business Information Part II: Freedom of Information....Mar.
Copper Recovery from a Brass Bright Dipping Solution....Mar.
Groundwater Solution....Mar.
Neptune Keeps the Lead Out....Mar.
Hazardous Waste Incineration: A Special Roundup Report....April
A Multi-faceted Approach to Successful Hazardous Waste Treatment....April
Sodium Bentonite: Still A Viable Solution for Hazardous Waste Containment....April
New Solutions to pH Control Problems....April
Problems, Problems . . . Gone, Gone....April
Woodburning Cogeneration Power Plant Completed on Time, Near Budget....April
